FOREWARD

The Budget Estimates for the Central Agencies of the Government of Saint Lucia are contained in two (2) documents, Volume I & Volume II.

Volume I was introduced in the fiscal year 1998-1999, as part of the budget reform process. In 2006 a diagnosis of the budget reform process was undertaken and a new format for the Volume I was designed. This new design presents an outline of Agencies (Ministries and Departments) performance plan for the next fiscal year. The performance plan flows directly from agencies strategic plans and is linked to government's strategic priorities. The plan details include, at both the aggregate and programme levels, the strategic priority the Agency's performance is linked to; the agency/programme objectives; outputs (core services/products); performance measures; and performance targets.

In this edition of the Volume I, not all Agencies are presented. It is hoped that in the next financial year all Agencies performance plans will be presented.

Volume II provides an overview of the resource requirements and financial plans of the central government Agencies. It includes the details of government expenditure along with the corresponding sources of funding including loans, grants and local revenue. In essence, it provides the financial data. In this document, agencies are required to produce budget summaries as well as details of expenditure for each programme (department) level.

Notwithstanding fiscal pressures, every effort was made to ensure that the budgetary provisions are appropriately aligned with the Government's Strategic Policy and Priorities.

The Estimates consist of the following tables:

- Financial Summaries – including the Chart of Accounts
- Recurrent Revenue by Agency and Economic Classification
- Recurrent Expenditure including:
 - Expenditure by Agency, Programme and Activities
 - Staff Positions
 - Grants and Contributions
- Capital Expenditure
 - Summary
 - By agency, project and source of funds

ESTIMATES 2011-2012

- Appendices
 - Capital Programme Financing
 - Public Debt and Contingent Liabilities
 - Classification of Posts and Salary levels

The Estimates are the result of extensive discussions over several months between the Office of the Budget, various committees and the Agencies. The Minister for Finance presents the Estimates to Parliament, usually in March or April of each year. The authorization of the Estimates is then effected by the passage of the Appropriation Bill, pursuant to Section 20 of the Finance (Administration) Act Cap.15.01 Revised Laws of Saint Lucia 2008.

It is our hope that this year's Budget Estimates will facilitate better understanding of the Budget by Public Officials, the Business Sector, the International Financial Community and the public at large.

The Minister of Finance wishes to express his sincere appreciation to everyone involved in the preparation of these Estimates.
